Product Name: Nopp140 Rabbit Polyclonal Antibody
Catalog #: APRab14800

Summary

Production Name	Nopp140 Rabbit Polyclonal Antibody
Description	Rabbit Polyclonal Antibody
Host	Rabbit
Application	WB
Reactivity	Human,Mouse,Rat

Performance

Conjugation	Unconjugated
Modification	Unmodified
Isotype	IgG
Clonality	Polyclonal
Form	Liquid
Storage	Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.
Buffer	Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% New type preservative N.
Purification	Affinity purification

Immunogen

Gene Name	NOLC1
Alternative Names	NOLC1; KIAA0035; NS5ATP13; Nucleolar and coiled-body phosphoprotein 1; 140 kDa nucleolar phosphoprotein; Nopp140; Hepatitis C virus NS5A-transactivated protein 13; HCV NS5A-transactivated protein 13; Nucleolar 130 kDa protein; Nucleolar pho
Gene ID	9221.0
SwissProt ID	Q14978.Synthesized peptide derived from Nopp140 . at AA range: 620-700

Application

Dilution Ratio	WB 1:500-1:2000. ELISA: 1:40000.
Molecular Weight	74,130KD(Nucleolar phosphoprotein p130)

Background

Product Name: Nopp140 Rabbit Polyclonal Antibody
Catalog #: APRab14800

function:Related to nucleologenesis, may play a role in the maintenance of the fundamental structure of the fibrillar center and dense fibrillar component in the nucleolus. It has intrinsic GTPase and ATPase activities. May play an important role in transcription catalyzed by RNA polymerase I.,PTM:Undergoes rapid and massive phosphorylation/dephosphorylation cycles on CK2 and PKC sites. There is evidence suggesting that CDC2 kinase phosphorylates p130 at the M-phase.,similarity:Contains 1 LisH domain.,subcellular location:Shuttles between the nucleolus and the cytoplasm. At telophase it begins to assemble into granular-like pre-nucleolar bodies which are subsequently relocated to nucleoli at the early G1-phase.,subunit:Interacts with RNA polymerase I 194 kDa subunit (RPA194) and with casein kinase-II.,function:Related to nucleologenesis, may play a role in the maintenance of the fundamental structure of the fibrillar center and dense fibrillar component in the nucleolus. Research Area

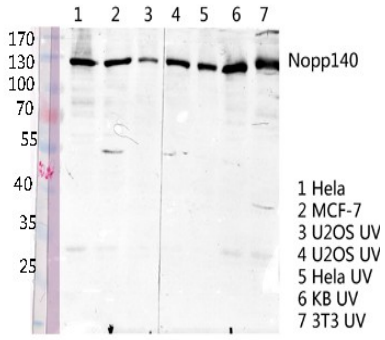
Image Data



Western blot analysis of various lysis using Nopp140 Polyclonal Antibody diluted at 1： 2000. Secondary antibody was diluted at 1:20000
