

**Product Name:** Polyclonal Rabbit Anti-Human IgM ( $\mu$ -chain specific)

**Catalog #:** APS0007

---

## Summary

|                        |   |
|------------------------|---|
| <b>Production Name</b> | Polyclonal Rabbit Anti-Human IgM ( $\mu$ -chain specific) |
| <b>Clonality</b>       | Polyclonal  |
| <b>Host</b>            | Rabbit  |
| <b>Reactivity</b>      | Human   |
| <b>Application</b>     | ELISA, ICC/IF, Flow Cyt, WB                               |
| <b>Form</b>            | Liquid  |
| <b>Concentration</b>   | 5mg/mL  |
| <b>Immunogen</b>       | IgM   |
| <b>Specificity</b>     | IgM ( $\mu$ -chain specific)                              |
| <b>Buffer</b>          | 0.01M PBS, PH:7.2, N preservative                         |
| <b>Conjugation</b>     | Unconjugated  |
| <b>Modification</b>    | Unmodification  |
| <b>Purification</b>    | Affinity purification                                     |
| <b>Purity</b>          | Calculated as antibodies, no less than 90%.               |
| <b>Storage</b>         | Please store at -20°C away from light.                    |

## Application

ELISA: 1:20000-1:100000; ICC/IF: 1:200-1:2000; Flow Cyt: 1:1000-4000; WB: 1:20000-50000; This data is a recommended range, please refer to the actual value according to the specific situation. This product can also be well applied to conventional in vitro immunological experiments such as colloidal gold.

## Note

Avoid freeze / thaw cycles even if this product is very stable. If using a small amount each time, please appropriately divide this antibody into small packages and use one tube each time. This antibody is only for research use, not for diagnosis.
